

MANSTORE

M101 - Ultra-Light Transparency

The basics from Manstore are made from a wafer-thin, highly elastic super-micro fabric that is slightly transparent, sensitive and supple. Whether in black or white - this range shapes your silhouette perfectly and is ideal for self-confident men who want to emphasize their contours. Basic styles such as Tower String, Micro Pants, V-Neck Tee regular and Cheeky Brief are complemented by items with sophisticated details such as lasso or bungee function, push-up features and a string body with capped seams or strapped leggings as sporty cuts. This range is made entirely in Europe.

M510 - Black Leather Appeal

This black fetish underwear is the ultimate club eye-catcher. The ultra-thin material with a satin finish feels like latex, but remains fully washable, breathable, highly elastic and resistant to sweat and body lotion. Tower String, Hip Boxer, Zipped Pants, Tight Leggings, Hoodie Tank and V-Neck Tee - the six bestsellers in this range are available at any time and provide you with an exciting fetish experience. This series is manufactured in Europe.

M2270 - Leather look with popper details

Experience the fetish twist: the rubberized surface gives this range a leather-like look, while the light stretch comfort follows your movements. The popper string and popper pants can be opened with a press button and offer you unlimited styling options. The Cheeky Brief skillfully shows off your backside, while the Micro Pants and V-Neck Tee are the perfect pairing for any club appearance. This range is made entirely in Europe.

M2424 - Sexy Mesh

Mesh remains THE trend for your club and fetish look. This range combines soft, stretchy mesh fabric with sensual, semi-transparent surfaces - the perfect balance of revelation and seduction. Strategically placed linings guarantee a relaxed, confident feel without compromising on the sexy look. Ideal for party nights or as a fashion statement in everyday life. The fabric is knitted in Italy and then processed in Europe.
